

I would like to introduce and recommend Jason Ritter.

Jason joined The Digital Phoenix as a partner in June of 2003, and immediately became an integral part of the business.

Initially, Jason's duties were to be involved with the development, creation and maintenance of web sites, not only those sites of our clients, but of our own site as well. His duties also included recommendations, set up, network integration and diagnosis of and repairing computer systems; our own and those of our clients.

Jason did a superlative job. Additionally, he let no opportunity pass to make himself available in assisting other members of the business with additional work, and he became the company's much appreciated information specialist, keeping other member of the staff informed as to current news and developments in our business.

Jason retired from the partnership in June of 2004, and everyone was very sorry to have him leave our company. His dedication to his work and to his partners will be very much missed. We hope the best for him in any new endeavor he chooses, and are certain he will be successful, and a great addition to any organization he may join.

Please feel free to contact me at any time with questions regarding Jason. I can be reached at The Digital Phoenix, 208-733-0078. I will be happy to speak with you.

Best Regards,

A handwritten signature in black ink that reads "Kelly Gates". The signature is written in a cursive, flowing style.

Kelly C.-Gates

President, The Digital Phoenix L.L.C.
